

# CAMP RISE

★ 256 ★

YOUTH SERVED

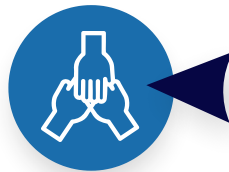

Camp RISE is an innovative youth development program for 250 youth ages 10-13.

Camp RISE was created with the vision to provide enriching experiences and tools to Milwaukee youth to become leaders in our community. Camp RISE aims to make change by showing youth a different path.

### Leadership

The program curriculum includes culturally-based leadership development activities to promote confidence, empowerment and life skills.

### Career Exploration and Workshops

Activities such as teamwork workshops, beautifying Milwaukee, and job site visits offer tools to become community leaders and contribute to a better society.

### Financial Literacy

Campers received stipends of up to \$200 per week to promote financial skills, responsibility, and boost the local economy.

99% of guardians would consider enrolling their camper again next summer

87% of guardians saw improvements in their camper's money habits since Camp RISE

\$244,080 total earned by campers

When we RISE together, we are all stronger.

This summer we were able to serve 256 Milwaukee youth. While this is a great start, this is less than a third of youth who expressed interest in joining us. We want to expand programming in Summer 2024 to support 300 youth, and expand career exploration experiences and workshops. Supporting one child with a life-changing experience costs only \$2,400. We hope you will join our friends and neighbors in supporting the continuation of Camp RISE.
